1130-1100 Light St. (West side)
Baltimore, Md.
Private access

c.1845-1890

The west side of the 1100 block of Light St. was originally improved with groups of three story, gable-roofed brick houses built in the late 1840's and early 1850's to serve as combination residential/commercial structures. 1102, 1104-1106, and 1116 Light St. survive in close to their original exterior, gable-roofed form, although all have modern storefronts. 1100 and 1114 Light St. were enlarged and remodeled after the Civil War and are now three stories in height with shed roofs and bracketed cornices. 1130 Light St. is an elaborated designed and decorated, somewhat Moorish style commercial structure, three stories in height, three bays wide, constructed in brick with brownstone and cast iron trim. The building was built in the late 1880's by Joseph and Bernard Harig to serve as a hardware store. The remainder of the block is now occupied by modern, two and three story commercial structures.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This pair of three story, two bay brick houses with gable roofs was built in the 1840's and formed part of a group of such houses extending along this side of Light St. The first floor areas of both houses have been converted into store-fronts.

The houses are three stories in height, 16' wide, and occupy lots about 65' deep. Each house is two rooms deep and has a one story high rear addition. The houses are constructed in running bond. The low-pitched gable roofs have a two-tier brick cornice. There is a paired double rectangular chimney located along the partition wall between the two houses on both the front and rear roof gables.

The second story window openings have splayed brick lintels; the third story window openings have no lintels. All of the sills are wood. The window openings at 1104 Light St. are filled with wooden jalousies. The windows at 1106 Light St. are filled with new 6/6 sash. The second floor windows at 1106 Light St. have been shortened. The first floor areas of both houses have been converted into identical store-fronts. Each house has a centrally located glass and aluminum door set beneath a single light transom, flanked by two two-sided plate glass shop windows set on aluminum bases. A deep aluminum sign area extends across the entire width of the store-front. The sign area at 1106 Light St. is deeper than that at 1104 Light St., extending up to the bottom of the shortened second floor windows. Both entrances are reached directly from the sidewalk. An arched alleyway runs back between the two houses.

SPECIFIC DATES 1849-50

BUILDER/ARCHITECT George Hasselberger

STATEMENT OF SIGNIFICANCE

See under 1116 Light St.

Hasselberger, a butcher, built a row of similar houses extending along this side of Light St. He sold these houses in 1854. The first owner-occupant of 1104 Light St. was a Mrs. Catherine Hook, who lived here in the 1860's; and the first owner-occupant of 1106 Light St. was a Richard Kemp, a carpenter, who lived here during the same period.¹
